Presentation Of The Current Plantation

Current Plantation

We currently have 20ha planted with 8 different grape varieties, water irrigation system and cumulation lake. Plantation is located in the central Serbia region, **Tri Morave** subregion, close to the city of Jagodina. This region is famous for several well know wineries such as: **Temet winery**, **Cilic winery**, **Lastar winery**, **Piano winery**, etc. Location was picked by conducting a numerus research of weather and land potential that gave the best results for the micro location of our plantation for Table Grape production.

Current Plantation

Grape Varieties

Vittoria

- Yellow grape
- Beg. of August

M. Palieri

- Purple grape
- Beg. of September
